

QUALITY and FOOD SAFETY POLICY

With our experience from the past in the ever-growing food packaging sector, in order to provide qualified service to our customers with the production of Cone Sleeve and Squeeze up packaging;

- In our processes and products; to meet product safety, integrity and legal legislations,
- Ensuring that our products are produced, stocked and dispatched to the customer according to the food safety requirements,
- Providing qualified service for customers' requirements and expectations by expanding its product portfolio,
- Increasing production capacity and efficiency every year,
- Promoting a corporate culture where each staff member works in harmony and actively assumes responsibility for their own actions,
- Providing a working environment and conditions suitable for the health and safety of the employees of the institution, with environmentally sensitive and harmonious processes,
- With a team that closely monitors sectoral developments and specializes in their own field,

It is our policy to maintain and continuously improve our activities on a platform where we are known for quality products and services.
