

OCCUPATIONAL HEALTH AND SAFETY POLICY

Among all its activities, our company considers Occupational Health and Safety as its first priority with its investments and works. In order to achieve this goal with respect for people and the environment they live in and zero accident policies;

- To meet all legal and other obligations regarding Occupational Health and Safety,
- To ensure the health and safety of employees, suppliers and visitors and to ensure healthy working conditions, to comply with the OHS legislation in force, to take all kinds of measures in accordance with other OHS-related requirements, to keep tools and Personal Protective Equipment available and to ensure their use when necessary,
- To determine OHS targets, to measure the performance of the OHS management system and to carry out studies to increase performance,
- To detect, reduce and eliminate unsafe situations, movements and possible accident risks that may cause occupational accidents and occupational diseases in the Workplace Safety, workplace and its extensions by an OHS expert, by making a risk assessment,
- To ensure the health, safety and social welfare of employees at all levels, visitors and subcontractors, and to reduce any material and moral losses that may arise in the future for them and their families,
- To train our employees in the field of occupational health and safety and to ensure that they reach a good occupational health and safety awareness,
- Ensuring the participation of employees and employee representatives in all occupational health and safety activities,
- Ensuring that subcontractors and visitors serving at the workplace comply with and participate in the rules regarding occupational health and safety set by our company,
- To ensure the continuous improvement of our OHS Management System, which has been established and implemented in this direction.

We undertake on behalf of our company and our suppliers.
